## WORK EXPERIENCE

### SKY360 - Mangalore , Karnataka

Front End Developer - Intern

JUNE 2025 - Present

- Working as a Front-End Developer at SKY360, I am responsible for building and maintaining scalable, responsive, and user-friendly web interfaces using React.js and TypeScript.
- My role involves integrating custom components, collaborating with design and backend teams, and ensuring seamless user experiences across **ERP, HRMS, and CRM**-based projects to enhance business workflows and efficiency.

### RDL TECHNOLOGIES PVT LTD - Mangalore , Karnataka

Front end developer - Internship

Mar 2024 - Oct 2024

- During my internship, I worked on a project called **Cloud-Based Device Management**. It is an IoT-based application designed to remotely monitor and control connected devices through a centralized web interface.
- I developed the frontend using React.js, the backend using Node.js, and used MySQL as the database to store device data and user information.

## SKILLS

- C++ , JavaScript , React Js , Java , SQL , Html , Css
- MUI Framework , Bootstrap , Custom Components
- API Integration
- Bug Tracking (JIRA)
- Test Case Design & Execution
- SDLC & STLC

## PROJECTS

### E COMMERCE

- Implemented E-SHOP project using Django, leveraging HTML, CSS, and JavaScript for frontend development and SQLite3 Database for storage.
- Developed an online platform allowing users to browse and purchase products or services.
- Integrated features such as product listings, shopping cart, secure payment processing, user accounts, and order tracking.

### HOSTEL MANAGEMENT SYSTEM

- I developed a dynamic mobile application using Java Programming Language to empower hostel owners in managing their properties efficiently.
- I used SQLite3 Database for this project, streamlining hostel operations by enabling administrators to manage bookings, allocate rooms, and track payments efficiently.
